

PROXY

All Fabric Oxygen Bleach

DESCRIPTION:

PROXY is all-fabric bleach, which does not contain chlorine. It is recommended for removing stains on white and colorfast washable fabrics such as cotton, polyester, nylon and acrylic.

PROXY is a good alternative for removing stains on colored fabrics where chlorine based bleach may cause color fading. It contains stable oxygen based bleach that effectively removes stains without affecting durability and color of the fabric.

ADVANTAGES:

- Safely remove stains from washable white and colored fabrics without affecting durability and color.
- Convenient and easy to use. It maybe added directly to the wheel together with the detergent during the sudsing operation.
- Highly recommended for removing stains on colored cotton or cotton-polyester table linens where chlorine based bleach may cause color loss.
- Removes tough stains like grease, fruit juice, mustard and wine during the regular washing.

APPLICATION:

REGULAR WASHING- Add **PROXY** directly to the wheel together with the detergent during the sudsing

operation. Use cold water for protein stains such as blood, gravy, milk or egg. Use hot water (60-70°C) for all other stains. For delicate fabrics, always wash in the water temperature recommended in the care label.

WASHABILITY TEST:

It is advisable to conduct wash ability test for delicate fabrics before washing. This is done by dissolving 1 tsp. **PROXY** in 1 cup of hot water. Soak an inconspicuous area of the item in the solution for 1 minute. If color does not change or fade, proceed with the recommended washing instruction.

DOSAGE: Use the following dosage per 100 kgs. dry load.

LIGHT SOIL	–	200 grams
MEDIUM SOIL	–	300 grams
HEAVY SOIL	–	400 grams
STAINED WORK	–	500 grams

CAUTION: Contains oxygen based bleach. Mild oxidizing agent. Avoid contact with skin or eyes. Wash hands thoroughly after handling. In case of contact with skin, flush skin thoroughly with water. In case contact with eyes, flush eyes thoroughly with water and get medical attention.

PACKAGING:

PROXY is packed in plastic pails of 20 kgs. Net.
