

RUSTAWAY

Rust and Stain Removing Sour with Brightener

DESCRIPTION:

RUSTAWAY is a white, crystalline, free flowing rust and stain removing sour with brightener. It contains a special blend of slightly acidic fluoride salts and highly concentrated optical brightener.

RUSTAWAY is recommended as a rust remover and sour on the last rinse especially in areas where the water contain traces of iron. It is highly effective in neutralizing traces of alkali and preventing traces of iron in the water from depositing on the fabric.

ADVANTAGES:

RUSTAWAY is effective in removing rust stain.

RUSTAWAY has a powerful optical brightening property which makes both white and colored fabrics bright and sparkling.

RUSTAWAY has a high neutralizing value this makes it economical to use.

RUSTAWAY is ready to use dry direct to the washing machine. There is no need pre-mixing stock solution.

RUSTAWAY prevents deposition of scales in the washing machine.
