## **Laundry Dry Bleach**

### **DESCRIPTION :**

**SIMPLEX** Laundry Dry Bleach is a white, free flowing mixture of coarse and fine powder containing organic chlorine releasing compound that remove stubborn stains in laundry. It has a rapid bleaching action yet mild and safe to the fabrics.

**SIMPLEX** may be added dry to the wheel during the suds cycle. It minimizes wear and loss of tensile strength of the fabrics compared with harsh inorganic chlorine bleaching agents.

### **ADVANTAGES:**

**SIMPLEX** is a simple to use. It may be added dry to the wheel during the suds cycle.

**SIMPLEX** restores the natural whiteness of the fabrics. It reduces cycle time and improve production output.

**SIMPLEX** contains organic chlorine releasing compound that dissolve fast even at low temperature.

**SIMPLEX** eliminates yellowing and minimizes wear and loss of tensile strength of the fabrics.

**SIMPLEX** is stable. It can be stored over long period without loss of effectiveness.

### **DOSAGE :**

Light Soil - 50 to 100 grams per 100 kgs. of dry load.

Medium Soil - 100 to 150 grams 100 kgs. of dry load.

Heavy Soil - 150 to 250 grams per 100 kgs. of dry load.

**CAUTION:** Contains chlorine compound. Oxidizing agent. Store in a cool dry place. Avoid contamination of water, foreign matter and other chemicals.
