

TENDER TOUCH

FABRIC SOFTENER with SANITIZER

DESCRIPTION :

TENDER TOUCH is a synergistic blend of cationic fabric softener, sanitizer and perfume. The triple action of **TENDER TOUCH** makes it a versatile product for use in the last rinse in laundries.

ADVANTAGES :

- **PLEASANTLY SCENTED :**
TENDER TOUCH is pleasantly scented. It makes the laundry smell fresh and clean.
- **SANITIZES AND DEODORIZES LAUNDRY :**
TENDER TOUCH contains a quarternary ammonium compound with microbiocidal effectiveness at low concentration. This sanitizer has a broad spectrum effectiveness against a variety of gram-positive and gram-negative microorganisms. It diminishes odor associated with storage of soiled laundry.
- **REDUCES STATIC ELECTRICITY :**
TENDER TOUCH contains cationic fabric softener that reduces static electricity. Towels will feel soft and tender to the skin.

- **PROMOTES FASTER EXTRACTION AND REDUCES WEAR AND TEAR OF FABRICS :**

TENDER TOUCH has excellent surface active properties that reduces the surface tension of the water, thus, reducing extraction time. Lesser extraction time means less wear and tear for the fabrics

APPLICATION :

Add **TENDER TOUCH** directly to the wheel at 20 to 30 cm. water level. Run the wheel for 3 to 5 minutes. **TENDER TOUCH** is very soluble. There is no need for pre-mixing.

DOSAGE :

50 to 100 grams of **TENDER TOUCH** per 100 kgs. of dry load.

PACKAGING :

TENDER TOUCH is packed in plastic pails of 20 kgs. net.
